**ITINERARY:**

**Day 1**

**Tuesday**

**Windhoek - Otavi Mountains**

We depart Windhoek in a northerly direction and travel to the Otavi Mountain range, where our historical guest farm is situated. The rest of the day is spent at leisure. Relax along the pool in the large garden or take a scenic walk along one of the walking paths. At a frequented waterhole next to the guestfarm you have the opportunity to observe some of the animals inhabiting the area.

**Day 2**

**Wednesday**

**Caprivi - Mahangu Game Park**

After breakfast we travel north towards Namibia's lush Caprivi region. En route we stop at Hoba Meteorite, the world's largest known meteorite that came crashing down in Namibia some 80'000 years ago. We travel through the Kavango area, known for its rich selection of hand-made wooden crafts, to the western border of the Bwabwatwa Game Park. Here our lodge lies secluded in the lush vegetation lining the banks of the mighty Kavango River. An optional activity is a boat cruise on the Kavango River.

**Day 3**

**Thursday**

**Caprivi - Bwabwatwa National Park**

In the morning we enjoy a game drive into the Mahango Game Park, home to rare animal species such as puku, lechwe, roan and sable, which in turn attract a large variety of predators such as lion, cheetah, leopard and even the highly endangered wild dog. Afterwards we travel east through the Bwabwatwa Game Park, previously known as the Caprivi Game Park. This elongated yet very narrow strip of land forms part of the age-old migration route of a variety of game species moving north from Botswana into Namibia. In the early afternoon we reach our lodge, nestled in the dense vegetation of the park along the Kwando River. Besides being the habitat for a huge variety of antelope, elephant, aquatic wildlife as well as predators, the area is renowned for being Southern Africa's birding hotspot. The rest of the day is spent at leisure, optional activities include boat cruises and game drives.
