

**NEW AFRICAN FRONTIERS  
NAMIBIA**

will have time to explore the surroundings and enjoy the swimming pool before a late afternoon game drive. After dinner around the campfire, a visit to the floodlit waterhole is strongly recommended as there are good chances to see rhinos and lions come to drink.

**Accommodation: Etosha national park (camping Lunch and Dinner)**

**Day 2**

**Okaukuejo – Namutoni, Etosha**

Today we will spend most of the day game driving. We will visit a number of waterholes and make a stop at the Etosha Pan, the "place of dry water". The Pan is an extensive flat depression of about 5,000 km<sup>2</sup>. This great, white expanse is a place of shimmering mirages, and being able to see large herds of game in this setting makes Etosha a unique experience in Africa. We may stop at Halali middle camp to have lunch before we continue our game drive to Namutoni. We have time to relax at the swimming pool in Namutoni or at the waterhole before a late afternoon game drive. The game viewing is usually excellent with close views of springboks, zebras, impalas, giraffes, gemsboks and plenty of birds. If we are lucky we may also have some close encounters with elephants and lions. In the evening we may enjoy a glass of wine and experience a fabulous sunset from the tower of the old German fort before dinner around the campfire.

**Accommodation: Etosha National park (camping breakfast lunch and dinner)**

**Day 3**

**Namutoni – Windhoek**

After a morning game drive, with the chance to get some more pictures of Etosha's wildlife in the soft morning light, we head back to the city. We will travel on the main road, passing through farmland and small towns, with time to stop in the small town of Okahandja with Namibia's largest wood-carving market. We are likely to arrive back into the city at around 16:30 and you will be dropped off at your accommodation on our return.

We suggest a sleeping bag range of "3 – 4 season". Sleeping bags can be hired by prior arrangement for the trip. The rainy season is between December and April.

All evening meals on camping safaris, (unless stipulated), are cooked on an open fire by your guide. Salads and fresh vegetables will be served where possible, but please note in some areas this is not necessarily every day. Fresh fruit will also be supplied when possible. Vegetarians can be catered for but please notify us prior to safari departure.

Namibia is a low risk malarial destination but we recommend that seek professional medical advice to enable you to make decisions on personal malaria protection.

All tap water in Namibia has been purified or comes directly from boreholes and is safe to drink. We supply tap drinking water but bottled mineral water is easily available at shops and rest camps should you prefer to drink this.

Electrical plugs are 220 V and are 3 pin (round pin as opposed to square pin). Adaptors can be purchased in Windhoek. It is possible to re-charge batteries at some campsites.

It is customary to tip in Namibia, usually, around 10% at restaurants. Your guide and assistant can be tipped at your own discretion but we ask that the guide be tipped separately from your assistant.
